

MATRICULATION

The following core matriculation services are provided to assist students in achieving their educational goals in their program of study:

- Orientation
- Counseling and other educational planning services
- Referrals to specialized support services
- Evaluation of the student's academic progress for intervention

It is the student's responsibility to participate in these activities by:

- Identifying an education and/or career goal
- Participating in orientation
- Participating in counseling services and completing an abbreviated student education plan on entry
- Completing a comprehensive student education plan upon completion of fifteen (15) units or within two (2) semesters

Students who do not complete the above activities may be considered a non-matriculated student and will not receive priority registration when registering for courses.
