U.S. History, Constitution and American Ideals. CSU Graduation Requirement Only

This is CSU Graduation Requirement and may be completed prior to transfer or taken at the CSU after transfer. Per the receiving CSU institution, the courses listed above can also satisfy AREA D of CSUGE.

Choose one course from U.S. 1, and one course from U.S. 2 or 3. NOTE: PS-101 Introduction to American Government and Politics will clear U.S. 2 & 3. U.S. 3 is required when the equivalent to PS-101 is taken out of state.

Option B: 2024-2025 General Education Requirements for California State Universities

Please meet with an MSJC Counselor for all questions about transfer and CSUGE

When to use the CSUGE Pattern

Completion of all CSUGE requirements will meet lower division general education to transfer from a California Community College (CCC) to a California State University (CSU). AREAS A1, A2, A3, B4 (CSU Golden Four) require a C grade or better. A D grade is acceptable in other general education areas. CSUGE is accepted by some Private institutions.

CSUGE can be used toward all Associate Degrees for Transfers (ADTs) and other transfer degrees at MSJC. These degrees require a minimum of 60 semester CSU transferable units with a minimum overall GPA of 2.0 and a minimum of 18 units within a specific transfer degree major (<https://catalog.msjc.edu/degrees-certificates-curricula/associate-degrees-transfer/>). All courses must be completed with a grade C or better or equivalent.

NOTE: Please confirm minimum CSU requirements for specific majors and programs. Students can refer to ASSIST (<https://www.assist.org/>) for CSU major preparation.

Grade Point Average

A minimum of C grade (2.0) or higher is required to earn a degree with CSUGE. Student must verify CSU major and program GPA requirements. AREAS "A1, A2, A3" and "B4" (CSU Golden Four) require a minimum of "C" grade and must be completed prior to applying to the CSU. If a student completed a Golden Four course at a CSU where a C- grade is acceptable to certify a Golden Four area, MSJC **will** honor the C- grade if taken at a CSU, per CSU EO 1100 (<https://calstate.policystat.com/policy/8919100/latest/>). Title 5 stipulates that California Community Colleges (CCC) can use plus and minus grading, except that the C- may not be awarded by a CCC but will be accepted if taken at a CSU.

Double-Counting

Some CSUs will allow HIST-111 U.S. History to 1877, HIST-111H Honors U.S. History to 1877, HIST-112 U.S. History Since 1865, HIST-112H Honors U.S. History Since 1865 or PS-101 Introduction to American Government and Politics, PS-101H Honors Introduction to American Government and Politics, PS-120 California Government or PS-120H Honors California Government to double count in AREA D and the U.S. History, Constitution and American Ideals area. Students should consult the receiving CSU transfer institution about double counting. MSJC allows double counting of these courses for AREA D and US-1.

Double counting within other areas of CSUGE is not allowed. Although a course may be listed in more than one subject area, a single course may be used just once.

Courses Completed at Other Institutions

Courses completed and approved on CSUGE at another CCC can be used in the CSUGE Certification at MSJC. Courses will be applied on CSUGE based on where they were approved from the CCC where they were taken at. If courses are denied for certification, students may petition (through a petition form at Enrollment Services (<https://www.msjc.edu/enroll/commonly-needed-forms.html>)) to use courses taken at UC, CSU, private or out-of-state schools for CSUGE Certification.

Application For Certification

CSUGE Certification is completed by the CCC that the student is transferring from. Certification of lower division CSUGE requirements is met by completion of all general education areas. Students can apply for CSUGE Certification through Enrollment Services (<https://www.msjc.edu/enroll/commonly-needed-forms.html>).

CSUGE for STEM (Partial CSUGE Certification)

CSUGE for STEM is only allowed for an approved STEM Associate Degree for Transfer (ADT) Degree. Students must confirm the CSU major, program, or college that they are applying to accepts **partial CSUGE certification**. Although CSUGE for STEM is an option, student should prioritize completing major-preparation courses for the specific campuses and programs they are considering.

- **CSU GE Breadth for STEM (33 units): Only permitted for an approved Associate Degree for Transfer (ADT Degree).** The CSU GE Breadth for STEM can **only** be applied to the **Biology, Chemistry and Environmental Science ADT Degrees.**
- **CSUGE Breadth for STEM (33 units):** Students are to complete all CSUGE requirements. However, the CSUGE for STEM requires:
 - **AREA A-** 9 semester units/12 quarter units: one course from A1, one course from A2, and one course from A3)
 - **AREA B-** 9 semester units/12 quarter units: one course from B1, one course from B2, and one course from B3 (if not met in B1/B2), and one course from B4
 - **AREA C-** 6 semester units/9 quarter units: one course from C1 and one course from C2
 - **AREA D-** 3 semester units/ 4 quarter units: one course
 - **AREA E-** 3 semester units/ 4 quarter units: one course
 - **AREA F-** 3 semester units/ 4 quarter unit: one course.

AP Scores

AP scores of 3, 4, or 5 can be used to satisfy any CSUGE subject area where acceptable. Please refer to the MSJC AP Chart (<https://catalog.msjc.edu/general-regulations/policy-earning-college-credit/credit-for-prior-learning/advanced-placement/advanced-placement-ap-exam-table/>) to confirm how exams can be applied.

IB Scores

A score of 5, 6 or 7 on Higher Level exams are required to receive credit for CSUGE certification. Please verify the acceptable IB (<https://catalog.msjc.edu/general-regulations/policy-earning-college-credit/credit-for-prior-learning/international-baccalaureate/international-baccalaureate-ib-table/>) score for CSUGE certification. Students who have earned credit from an IB exam should not take a comparable college course, as transfer credit cannot be granted for both.

Military Service

CSU Executive Order 1036 encourages campuses to use evidence of military training to satisfy AREA E (Lifelong Learning and Self-Development) for their students who enroll without a prior GE certification. Veteran students are able to provide proof of completion of basic training as listed on discharge papers, Form DD-214. All CSU campuses have elected to honor CSUGE transfer certifications that clear AREA E (Lifelong Learning and Self-Development) with Form DD-214.

Every effort is made to keep this information current. Transfer and articulation are ongoing processes and courses are subject to changes on this option. Please use this information as a guideline and consult with a university representative or a MSJC Counselor for questions. Student are encouraged to visit <http://www.assist.org> for the current CSU and UC major preparation requirements for transfer and approved general education courses for MSJC. Students are encouraged to meet with a Counselor to develop a comprehensive educational plan.

² Laboratory course

Area 6 - Language Other Than English (UC Requirement only)

Students can certify LOTE with high school transcripts that indicate completion of course work equivalent to two years or second level foreign language of the same foreign language. A grade of C-or better in high school is required in the second semester of the second level. Students can also meet this requirement by completion of a higher-level foreign language course with a grade C-or better in the second semester. Students can also apply AP Language Exams towards LOTE with a score of 3, 4, or 5.

EXCEPTION: If a grade lower than a "C-" is earned in the second year second semester, a "C-" grade or higher in a higher level language course will satisfy the requirement. (Other options apply, please see a counselor for more information).

U.S. History, Constitution and American Ideals. CSU Graduation Requirement Only

This is not required for IGETC, but required for CSU graduation. This CSU graduation requirement may be completed prior to transfer or taken at the CSU after transfer.

Choose one course from U.S. 1, and one course from U.S. 2 or 3.

NOTE: PS-101 Introduction to American Government and Politics will clear U.S. 2 & 3. U.S. 3 is required when the equivalent to PS-101 is taken out of state.

UC Eligibility

Students who are **NOT** eligible for admission to the UC system after high school graduation and have earned any credit from a CCC after high school, will be considered a transfer student. Therefore, must complete 60 UC transferable semester units with a minimum GPA. of 2.4. Please confirm with each UC on minimum GPA requirements.

Eligibility for UC admission also includes the 7 course pattern as noted below. Please confirm courses through the UC website.

- Students must complete two transferable college courses in English Composition:

Course	Title	Credits
ENGL-101 or ENGL-101H	College Composition Honors College Composition	3
ENGL-103 or ENGL-103H or PHIL-112	Critical Thinking and Writing Honors Critical Thinking and Writing Critical Thinking and Composition	3

- One transferable college course (3 semester/4 quarter units) in mathematical concepts and quantitative reasoning (UC-M) excluding CSIS-213 Discrete Structures
- Four transferable college courses (3 semester/4 quarter units each) chosen from a least two of the following subject areas: Arts and Humanities, Social and Behavioral Sciences, or the Physical and Biological sciences (UC-H, UC-B, UC-S)
- All Math and English composition courses must be completed in the spring term preceding planned enrollment in the fall (i.e. no summer course work accepted).

Option C: 2024-2025 Intersegmental General Education Transfer Curriculum for CSU, UC, Out of State, and Private Universities

Please meet with an MSJC Counselor for all questions about transfer and IGETC. Please note all references to "CSU or UC requirements only" while following the IGETC pattern.

When to use the IGETC Pattern

Completion of all IGETC requirements with a grade of "C" (C- is not acceptable) or better will permit a student to transfer from a California Community College (CCC) to a California State University (CSU), University of California (UC), out-of-state or Private institution.

IGETC can be used toward all Associate Degrees for Transfers (ADTs) and other transfer degrees at MSJC. These degrees require a minimum of 60 semester CSU transferable units or UC semester transferable units with a minimum overall GPA of 2.0 and a minimum of 18 units within a specific transfer degree major (<https://catalog.msjc.edu/degrees-certificates-curricula/associate-degrees-transfer/>). All courses must be completed with a grade C or better or equivalent.

NOTE: Please confirm minimum CSU and UC requirements for specific majors and programs. Students can refer to ASSIST (<https://www.assist.org/>) for CSU and UC major preparation.

The IGETC pattern is **not advisable for all transfer students**. The IGETC pattern is most advantageous for transfer student who have not yet decided on a major or a campus. Once a student has identified a major, it is important to give priority toward fulfilling all required major preparation courses, particularly in "high unit" majors that select applicants on the basis of satisfaction of lower division major requirements. If a student is pursuing a major that requires extensive lower division preparation, they may be better served by taking courses which fulfill the CSU General Education requirements or the general education of the specific UC campus or college to which the student plans to transfer. The IGETC pattern is not a good option for students intending to transfer into a high unit majors or one that requires extensive lower division preparation, such as many STEM (Science Technology Engineering Mathematics) majors. Student should consult with a Counselor or an Admissions Representative at the CSU or UC campus(es) that they plan to apply to for information about whether completing the IGETC pattern is advisable.

Restrictions

A student who is initially enrolled at a UC and is returning to the **same** UC campus (after attending a community college) is considered a "readmit" student and **cannot** use IGETC. Exception: Unless it is used for MSJC degree completion. However, students who initially enroll at a UC, attend a community college and return to a **different** UC campus, may be able to use IGETC, but should verify with the campus they wish to attend. This restriction does not apply to students who have taken UC summer session or UC Extension classes only.

Courses Completed at Other Colleges

Courses completed and approved on IGETC at another CCC can be used in the IGETC Certification at MSJC. Courses will be applied on IGETC based on where they were approved from the CCC where they were taken at. If courses are denied for certification, students may petition (through a petition form at Enrollment Services (<https://www.msjc.edu/enroll/commonly-needed-forms.html>)) to use courses taken at UC, CSU, private or out-of-state schools for IGETC certification.

Courses Taken at Foreign Institutions

Foreign coursework may be applied to IGETC if the foreign institution has United States regional accreditation. All other foreign coursework cannot be applied to IGETC. Exception: Language Other Than English (LOTE).

Application For IGETC Certification

IGETC Certification is completed by the CCC that the student is transferring from. Certification of lower division IGETC requirements is met by completion of all general education areas. Students can apply for IGETC Certification through Enrollment Services (<https://www.msjc.edu/enroll/commonly-needed-forms.html>).

IGETC for STEM (Partial IGETC Certification)

IGETC for STEM is only allowed for an approved STEM Associate Degree for Transfer (ADT) Degree. Students must confirm the UC major, program or college that they are applying to accepts **partial IGETC certification**.

Although IGETC for STEM is an option, student should prioritize completing major-preparation courses for the specific campuses and programs they are considering.

- **IGETC for STEM (31 units): Only permitted for an approved Associate Degree for Transfer (ADT Degree).** The IGETC for STEM can **only** be applied to the **Biology, Chemistry and Environmental Science ADT Degrees**
- **IGETC for STEM (31 units):** Students are to complete all IGETC requirements. However, the IGETC for STEM requires:
 - **AREA 1** -9 semester units/12 quarter units: one course from 1A, one course from 1B, and one course from 1C for students transferring to a CSU
 - **AREA 2**- 3 semester units/4 quarter units: one course
 - **AREA 3**- 6 semester units/9 quarter units: one course from 3A and one course from 3B
 - **AREA 4**- 3 semester units/4 quarter units: one course
 - **AREA 5**- 7 semester units/9 quarter units: one course from 5A, one course from 5B, and one course from 5C if not met in 5A/5B
 - **AREA 6** (for UC schools) meeting Language other than English (LOTE) competency (by completing at minimum, elementary language course; AP exam; high school course work)
 - **AREA 7**- 3 semester units/ 4 quarter units: one course.

AP Scores

AP scores of 3, 4, or 5 can be used to satisfy any IGETC subject area where acceptable. Please refer to the MSJC AP Chart (<https://catalog.msjc.edu/general-regulations/policy-earning-college-credit/credit-for-prior-learning/advanced-placement/advanced-placement-ap-exam-table/>) to confirm how exams can be applied.

IB Scores

A score of 5, 6 or 7 on Higher Level exams are required to receive credit for IGETC certification. Please verify the acceptable IB (<https://catalog.msjc.edu/general-regulations/policy-earning-college-credit/credit-for-prior-learning/international-baccalaureate/international-baccalaureate-ib-table/>) score for IGETC certification. Students who have earned credit from an IB exam should not take a comparable college course, as transfer credit cannot be granted for both.

Double Counting

Double counting within IGETC is not allowed. Although a course may be listed in more than one subject area, a single course may be used just once. Only C grades or better will be accepted, and credit/no credit courses are acceptable unless the college catalog defines credit as equivalent of a letter grade of C (2.0) or better.

Proficiency in a Language Other Than English (LOTE)

Students can certify LOTE with high school transcripts that indicate completion of course work equivalent to two years or second level foreign language of the same foreign language. A grade of C- or better in high school is required in the second semester of the second level. Students can also meet this requirement by completion of a higher level foreign language course (a course higher than the minimum requirement) with a grade C- or better in the second semester.

Students can also apply AP Language Exams towards LOTE with a score of 3, 4, or 5.

Every effort is made to keep this information current. Transfer and articulation are ongoing processes and courses are subject to changes on

this pattern. Please use this information as a guideline and consult with a university representative or a MSJC Counselor for questions. Student are encouraged to visit <http://www.assist.org> (<http://www.assist.org/>) for the current CSU and UC major preparation requirements for transfer and approved general education courses for MSJC. Students are encouraged to meet with a Counselor to develop a comprehensive educational plan.
