HISTORY

Program Description
Every moment in time becomes history. Great events like the Second World War to the smallest interaction between local peoples influence and inform all that comes after. Similarly, the study of the past reveals valuable achievements as well as dreadful mistakes, and in so doing helps us become more globally informed citizens to better address the unexpected challenges of our own day. The study of history helps us learn to think with rigor, to write with clarity and precision, to organize and assess evidence, to analyze problems, and interpret complex events that will contribute to our academic success and professional endeavors.

Transfer Preparation
MSJC offers a wide range of course work that prepares students for the workforce or for transfer to four-year colleges and universities. All four-year institutions prescribe their own standards for course evaluation and admissions. Courses that fulfill major requirements for an associate degree in a program at MSJC might not be the same as those required for transfer into a similar major at a four-year university. Please meet with a Counselor to confirm transfer requirements.

Transfer students are advised to do research on prospective majors and careers. The MSJC Career/Transfer Center and MSJC catalog can be helpful tools. Students interested in transferring to CSU's or UC's can access major preparation by visiting http://www.assist.org. All students are advised to meet with a counselor at least once a semester to create or update their comprehensive education plan.
