

HORTICULTURE CERTIFICATE

The non-transfer Certificate in Horticulture is primarily designed to prepare the student for entry into careers associated with golf course management, turf management, or other green industry. This program specifically provides students with a strong foundation in turf management, water usage, fertility, soils, horticulture, and human resource management for golf courses, recreational parks, sports fields, and general landscape areas. This program also prepares students to enter the job market as a golf course superintendent, field crew supervisor, irrigation technician, equipment manager, grounds person for parks, cities, and school districts, or field crew foreman for landscape contractors.

Units		6
Total Units		18

Courses that fulfill major requirements for a certificate or associate degree in this program might not be the same as those required for transfer into the major at a four-year university. Many of these courses are designed around those courses and have been used to develop these

classes. This will allow them to use these courses as transfers into those similar degree programs.

Requirements

Course	Title	Credits
Required Courses		
HORT-501	Horticulture Science (formerly HORT-101)	3
HORT-502	Introduction to Turfgrass Management (formerly HORT-102)	3
