

# PHILOSOPHY

## Program Description

Philosophy grapples with fundamental questions about the nature of reality, what it means to be human, and how one should act. At Mt. San Jacinto college we offer survey courses that span the history of philosophy and more specialized classes that focus on core areas of philosophy like logic and ethics. The study of philosophy teaches careful reading and writing skills, critical thinking, and sound reasoning. Further, philosophy explores the sources of value and meaning while providing vital skills for those interested in law, education, medicine, and more.

## Transfer Preparation

MSJC offers a wide range of course work that prepares students for the workforce or for transfer to four-year colleges and universities. All four-year institutions prescribe their own standards for course evaluation and admissions. Courses that fulfill major requirements for an associate degree in a program at MSJC might not be the same as those required for transfer into a similar major at a four-year university. Please meet with a Counselor to confirm transfer requirements.

Transfer students are advised to do research on prospective majors and careers. The MSJC Transfer Center and MSJC catalog can be helpful tools. Students interested in transferring to CSU's or UC's can access major preparation by visiting ASSIST (<http://www.assist.org>). All students are advised to meet with a counselor at least once a semester to create or update their comprehensive education plan.
