

POLITICAL SCIENCE

Program Description

The major in Political Science aims to provide a foundational understanding of political processes and institutions. The study of political science is of value to ensure that all persons have knowledge of the political systems that govern their lives. The mission of the political science department aligns with the mission statement of Mt. San Jacinto College by providing an education in political science to a diverse student body. A political science degree prepares students for possible career opportunities in a variety of areas including law, government service, education, journalism, and business.

Transfer Preparation

MSJC offers a wide range of course work that prepares students for the workforce or for transfer to four-year colleges and universities. All four-year institutions prescribe their own standards for course evaluation and admissions. Courses that fulfill major requirements for an associate degree in a program at MSJC might not be the same as those required for transfer into a similar major at a four-year university. Please meet with a Counselor to confirm transfer requirements.

Transfer students are advised to do research on prospective majors and careers. The MSJC Transfer Center and MSJC catalog can be helpful tools. Students interested in transferring to CSU's or UC's can access major preparation by visiting ASSIST (<http://www.assist.org>). All students are advised to meet with a counselor at least once a semester to create or update their comprehensive education plan.
