SOCIAL JUSTICE STUDIES

Program Description
Want to change the world? There’s a major for that! Social Justice Studies focus on understanding the different ways power and privilege work in our society in order to create a better world. As an interdisciplinary major, we combine approaches from political science, sociology, psychology, and history, along with studying art, literature, and popular culture to understand the struggles that people face and to begin thinking about how to help make them better. By examining race/ethnicity, class, gender, sexuality, national origin, and (dis)ability, as well as how these parts of who we are intersect to create individual identities, we are to focus on how to help people and fight for what is right. This major is perfect for any student looking to transfer into programs in race/ethnic studies, Black or African American studies, Latinx/Chicano studies, Asian/Asian American studies, gender and sexuality studies, LGBTQ+/queer studies, or fields like sociology, history, political science, psychology, English, or cultural studies.

Transfer Preparation
MSJC offers a wide range of course work that prepares students for the workforce or for transfer to four-year colleges and universities. All four-year institutions prescribe their own standards for course evaluation and admissions. Courses that fulfill major requirements for an associate degree in a program at MSJC might not be the same as those required for transfer into a similar major at a four-year university. Please meet with a Counselor to confirm transfer requirements.

Transfer students are advised to do research on prospective majors and careers. The MSJC Career/Transfer Center and MSJC catalog can be helpful tools. Students interested in transferring to CSU's or UC's can access major preparation by visiting http://www.assist.org. All students are advised to meet with a counselor at least once a semester to create or update their comprehensive education plan.
