

TECHNICAL THEATER, A.S.

The Technical Theater A.S. Degree will prepare students for a career in performing arts productions specifically entailing set construction and painting, lighting design, operation and rigging of lighting instruments, costume design and construction, makeup application, and sound recording and reproduction. Students will develop the practical and aesthetic skills necessary for employment in scene shops, costume shops, recording studios, professional theaters, college theaters, film/television studios, theme parks, and other venues. Students will also build the foundation necessary for transfer to a baccalaureate program in these or related fields of study.
