

PUENTE PROGRAM

Learning Outcomes

- Design an educational plan that focuses on attaining an AA/AS or other requirements for transfer;
- Analyze social and cultural issues that inform an understanding of civic responsibility and encourage involvement in the college and local communities as mentors or leaders; and
- Develop academic skills (reading, writing, oral, and study) that will demonstrate their ability to be successful in a higher education environment.

Puente is designed to help students adjust to college life and prepare for transfer to four-year universities. The program is unique in that it explores multicultural, and particularly Latinx, experiences. The program has three (3) major components: writing instruction, personal growth instruction and counseling, and mentoring. Puente's goal is to provide students with a strong academic foundation and the support needed in order to be successful at MSJC. Puente is open to, and welcomes, all MSJC students.
